## New York Stock Market

New York, July 14.—The lowest level of three years was reached to-day on the stock exchange. Transactions dur the stock exchange. Transactions during the morning session fell to 53,000 shares, an amount frequently handled in the first few minutes of an active day. The total of the entire session was \$1,300, the smallest day's business since July 3, 1908. Trading on the floor of the exchange at times came to a complete standstill. A number of issues which often are fairly active were not quoted at all, and the movement was restricted to fractions, save in a tew specialties. The leading raill-road and industrial stocks held firm. Superators regarded the state of dull-hels into which the market has failen as natural at a time when more definite indications of crop prospects are being awaited as a guide to future movements, not only in the stock market but in business. Publication of the Senate's program to-day suggested an adjournment of Congress early next month. By that time the outlook for crops will have been indicated clearly. Should it be favorable, as is now hoped, it is expected that the stock market will become broader and more active, with the removal of the uncertainties as to the harvest and as to legislation by Congress. ing the morning session fell to 53,000

it is expected that the stock market will become broader and more active, with the removal of the uncertainities as to the harvest and as to legislation by Congress.

Among the specialties, the fertilizer stocks were most conspicuous. All of the Stocks in this group recovered a part of their recent losses on what it was bid up presumably in the hope that it might receiver a large part of its 3 per cent annual dividend, to-day failed to fulfill expectations, although it held firm. United States Steel moved listlessly. During one hour of the morning not a share of this stock was traded in an occurance which traders said had not been noted before since the strength of the favorable crop report of the Canadian government.

Time money was firm and more active to-day. The recent heavy reduction of reserves by the clearing house institutions has not been followed by a marked change ewing to the long-continued case of money, but lenders of lime funds diring the last day or two marked change ewing to the long-continued case of money but lenders of lime funds diring the last day or two marked change ewing in the last day or two marked change ewing to the long-continued case of money but lenders of lime funds diring the last day or two marked change ewing to the long-continued case of money but lenders of lime funds diring the last day or two marked change ewing for the long-continued case of money that lenders of lime funds diring the last day or two marked change ewing for the long-continued case of money that lenders of lime funds diring the last day of two marked change ewing the long-continued case of money that lenders of lime funds diring the last day of two marked change ewing down of reserves here by Western and Southwestern banks. There is no reason, however, not believe that any extended disturbance of money rates will foliow. There were many cross of the standard of the last day of th

Bonds were steady. Total sales, par due, \$1.668.006 United States bonds were unchanged

New York, July 14—Money on call steady, 2 1-4-0-2 1-2; ruling rate, 2 3-8; closing bid, 2; offered at 2 1-2. Time loans firm, sixty days, 2 1-2-0-2 3-4; ninety days, 3 1-5-0-3 3-4 per cent. Prime mercantile paper, 4 to 4 1-2 per cent. Stelling exchange steady, With actual business in bankers bills at \$4.8065 for sixty-day bills, and at \$4.8025 for Gemand Commercial bills, \$4.84 Bar silver, 52 7-8. Mexican dollars, 45.

Bradstreet's Report.

New York, July 14.—Bradstreet's tomorrow will say:

The events of the week have been mainly favorable, including as they do the passing, temporarily at least, of the heated wave, the worst for a decade, the occurrence of rains in drought-stricken sections staying the further deterioration of the corn crop, the maintenance of flattering conditions as to the cotton crop outlook, and the widening of activity in the iron and steel trade. Though midsummer quiet still prevails, trade conditions display a slightly better undertone, thanks to the breaking of the hot wave and to timely rains in the Western country. More moisture is needed for corn and oats, but the precipitations that have occurred have superinduced a better feeling, and incidentally produced a little more spot business. Withal, huyers are conservative about placing orders for future business, withal, huyers are conservative about placing orders for future business. Withal, huyers are conservative about placing orders for future business, withal, huyers are conservative about placing orders for future business. Withal, huyers are conserved in the was injured in the milis as a future of the found. The future for \$10.000 in the United States Circuit Court head of th

iron and steel industry continues to score advances, and the outlook for the final part of the half year is certainly more optimistic than it was. Finished lines lead as regards new demand, but pig iron is also in better request, and it is apparent that a relatively good business has been placed in a quiet way. However, the price situation is such that the market presents some irregular features. price situation is such that the mar-ket presents some irregular features. Operations in Eastern textile mills have been resumed, but the dry goods trade is still unsatisfactory. Business failures in the United States for the week ending July 13 were 1,396, against 180 last week and 202 in the like week in 1910.

Review of Trade.

New York, July 14.—R. G. Dunn & Co.'s weekly review of trade to-morrow will say:

Prevalence of high temperatures throughout the country have adversely affected business, notably in retail lines.

New York, July 14.—R. G. Dunn & 1024s (1974) review of trade to-morrow will say:

Prevalence of high temperatures throughout the country have adversely at throughout the country have adversely at throughout the country have adversely at the prevalence of high temperatures throughout the country have adversely at the prevalence of high temperatures throughout the country have adversely at the prevalence of high temperatures throughout the country have adversely at the prevalence of high temperatures throughout the country have adversely at the prevalence of high temperatures throughout the country have adversely at the prevalence of high temperatures throughout the country have adversely at the prevalence of high temperatures throughout the country have adversely at the prevalence of high temperatures throughout the country have adversely at the prevalence of high temperatures throughout the country have adversely at the prevalence of high temperatures throughout the country have adversely at the prevalence of high temperatures throughout the country have adversely at the prevalence of high temperatures throughout the country have adversely at the prevalence of high temperatures throughout the country have adversely at the prevalence of high throughout the country have adversely at the prevalence of the state of the prevalence of the prevalence of the prevalence of the country have at the prevalence of the prevalence of the country have at the prevalence of the prevalence of the country have at the prevalence of the prevalence of the country have at the prevalence of the prevalence of the prevalence of the prevalence of the country have at the prevalence of t

Harrisonburg. July 14—A Carnegie library appears to be a certainty for Harrisonburg At the June meeting of the Town Council, it was unanimously decided that the town would furnish a site and \$1.000 a year, provided Mr. Carnegie would furnish \$10.000 for the building. From Skibo Castle comes a letter from Mr. Carnegie accepting the building. From Skibo Castle comes a letter from Mr. Carnegie accepting the proposition. The Town Council has nothing to do but to stand pat on its own terms to get a library. The matter will be decided at the next meeting of the Sloux War, who claims to have walked 100.000 miles in eighteen years, was in Harrisonburg to-day on a jaunt to New Orleans

Mt. Olive Brethren Church, near Goods Mill, Rockingham county, has purchased the adjoining school grounds, consisting of one-eighth of an acre, for the purpose of enlarging the cemetery.

Taken suddenly ill before breakfast.

C. S. CAMPBELLL D. P. A. consisting of one-eighth of an acre for the purpose of enlarging the cemetery.

Taken suddenly ill before breakfast. William Crider, sixty years old, complained of a pain in his chest. He sent for a physician, but died in one hour He leaves three sons. including Joseph Criler, a medical student at the University of Virginia.

Eugene E. Shifflett, of Elkton, has instituted a suit for \$10,000 in the United States Circuit Court here against the West Virginia corporation doing business in Covington. Shifflett was injured in the milks a year ago to-day, and had to spend seven months in a hospital.

Workmen started yesterday laying the foundation of the new Methodist Church, which the Harrisonburg congregation is erecting at the corner of South Main and Bruce Streets. The building will cost ahout \$60,000, and will be one of the finest in the Valley. The church, it is said, is to an extent modeled after Epworth Church, in Norfolk. The pastor here is Rev. H. H. Sherman.
